PC224300

2021 - 2023 Ford Bronco Sport heavy duty stainless steel hood antenna mounting bracket. No stud mount included.

BTF ANTENNAS

- BTF2** 2.25 Foot - 1,500 Watts
- BTF3** 3.25 Foot - 1,500 Watts
- BTF4** 4.25 Foot - 1,500 Watts
- BTF5** 5.25 Foot - 1,500 Watts

BTF Series Antennas are constructed in the U.S.A. of the finest material to provide years of service. Features 26.0 - 28.0 MHz Bandwidth, heavy duty top load 1/4 wave fiberglass helically wound with 17 gauge insulated copper wire, 3/8" - 24 thread Stainless Steel Ferrule, tuneable tip and cap. Available in Black, Red & White.

NEW!

CAMS4

Noise Cancelling remote CB boom microphone system allows convenient and safe operation of the CB radio with a retractable microphone head-set, a remote Push-to-Talk switch that can be mounted on the shifter and works with all mobile 4-pin CB radios. Easy installation.

HGA300FG

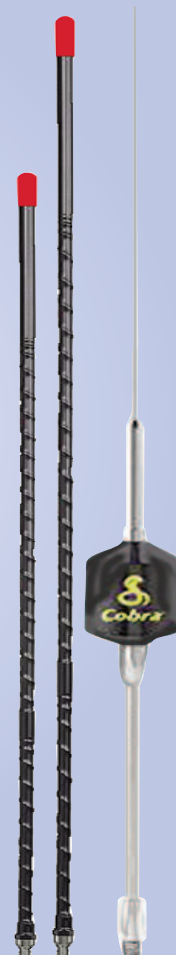

3' 1,000 watt - top loaded 1/4 wave helically wound fiberglass CB antenna with built-in weather trap for increased weather reception. Features 20 gauge copper wire with chrome plated 3/8"X24" ferrule, comes pre-tuned or is field tuneable. In black.

HGA400FG

4' 1,000 watt - top loaded 1/4 wave helically wound fiberglass CB antenna with built-in weather trap for increased weather reception. Features 20 gauge copper wire with chrome plated 3/8"X24" ferrule, comes pre-tuned or is field tuneable. In black.

HGA7000

62" 6,000 watt high performance stainless steel center-load 10/11meter (26-30MHz) CB antenna. Features a 10" stainless steel inch shaft with 3/8"x24" threads, heavy duty center-load coil with 10-gauge solid silver-plating for increased RF surface distance & more radiated power. Coil incorporates weather trap for enhanced weather reception.

Uniden

BC906W
6 pin wireless noise cancelling microphone for Uniden CB radios.

BC804NC
4 pin noise cancelling microphone for Bearcat, PC68 & PC78 series CB radios, in display package.

BC646
4 pin pistol grip dynamic microphone with mesh screen & 8' cord for PC68 & PC78 Elite & other CB radios wired 4 pin standard. In display package.

PISTOL GRIP MICS

BMKY0518001
4 pin pistol grip dynamic microphone with mesh screen & 8' cord for PC68 & PC78 Elite & other CB radios wired 4 pin standard.

BMKG0676001

6 pin pistol grip dynamic microphone with mesh screen & 8' cord, wired for BC680 CB radio.

DIRECT REPLACEMENT MICS

BMKG0689001
6 pin noise cancelling replacement microphone for BC880 & BC980SSB.

MK393
Stock replacement microphone for PRO510XL & PRO520XL radios.

MK516
4 pin microphone for PC68XL & PC78XL CB radios.

BC645

4 pin electret replacement microphone with 8' coiled cord for PRO505XL, PRO510XL, PRO520XL & PRO538W. In clamshell display package.

EXTENSION SPEAKERS

BC7
7 watt (3-1/2"x3-1/2"x2-1/2") CB/Scanner extension speaker (300Hz-5kHz) with 6' cord & elbow 3.5 mm plug. Includes mounting bracket & knobs.

BC15
15 watt (4"x4"x2-1/2") CB/Scanner extension speaker (500Hz-5kHz) with Noise Blanker, 10' cord & elbow 3.5 mm plug. Includes mounting bracket & knobs.

BC20
20 watt (4-3/4"x4-3/4"x2-1/2") CB/Scanner extension speaker (500Hz-5kHz) with Noise Blanker, 10' cord & elbow 3.5 mm plug. Includes mounting bracket & knobs.

Uniden

PC68LTX

40 Channel CB radio with 4 pin front mount microphone, separate RF & Mic gain controls, NB/ANL & Hi-Cut filters, Bright/Dim switch, PA switch, Receive/Transmit indicator, & Ch. 9.

PRO538HHFM

Convertible handheld CB radio features slide-on-adaptor to use in vehicle, NOAA weather, dual watch & full channel scan, instant channel 9/19, RF Gain, Hi/Low power, backlight (white or amber) & large LCD display. Includes two "AA" battery cases, 8 & 10 cell, slide on cig plug vehicle adapter & rubber antenna.

PRO501HH

Compact handheld CB radio features instant NOAA weather broadcasts, Dual watch, all channel scan, selectable high/low power & automatic noise limiter. Includes wrist strap, belt clip, rubber antenna & DC cord. Operates on 9 AA" standard or rechargeable batteries.

PRO501TK

PRO501HH with magnetic mount antenna.

PRO505XL

40 Channel micro CB radio with electronic tune, channel 9 & PA.

PRO510XL

40 Channel compact CB radio with & ANL filter.

PRO520XL

40 Channel compact CB radio with RF Gain, PA, & ANL filter.

PC78LTXFM

40 Channel AM & FM full featured "Truckers" CB radio with built-in SWR bridge. Features FM mode for super clear close-in communications, front 4 pin microphone, separate RF & Mic gain controls, S/RF/SWR/Mod meter, NB/ANL & Hi-Cut filters, Bright/Dim switch, PA, Receive/Transmit indicator, antenna warning light & channel 9.

PC78LTX

40 Channel Deluxe "Truckers" CB radio with built-in SWR bridge. Features front 4 pin microphone, separate RF & Mic gain, S/RF/SWR/Mod meter, NB/ANL & Hi-Cut filters, Bright/Dim switch, PA, RX/TX indicator, antenna warning light & Channel 9.

PRO401HH

40 channel handheld CB radio. Features auto noise cancel filter & High/Low power switch. Comes with rubber antenna, belt clip, DC adapter & wrist strap. Operates on 9 "AA" cell rechargeable or standard batteries.

REMOTE OFF ROAD SERIES

CMX760

Designed to mount in tight spaces & built to withstand harsh conditions. Features large 7 color back-lit display with frequency readout, instant access to weather 24/7 & receives NOAA broadcast alerts, Local/Distance switch that enables superior reception, instant Channel 9/19, High/Low Voltage alert warnings, Roger Beep, Channel scan, Noise Limiter, Hi-Cut Filters & speaker jack.

BWZG1538001- CMX760 Power Cord

BC880

40 channel CB radio with large easy to read illuminated control panel with 7 color options to choose from. Features new 6 pin ergonomic noise cancelling pistol grip microphone designed for comfort, NOAA weather, dynamic squelch control, mic gain, extra long mic cord, instant Channel 9/19, PA, large digital S/RF/CAL/SWR meter, backlit control knobs/buttons, Local/DX switch, ANL/Noise filters, RF gain control, frequency counter, variable Talk-back, dimmer switch Day/Night, memory scan, antenna/RF/voltage indicators.

BC980SSB

40 channel Sideband (SSB USB/LSB) CB radio with large easy to read illuminated control panel. Features new 6 pin noise cancelling microphone (with extra long cord) that is designed to eliminate background noise, wireless mic compatible, 4 position Mic gain, dynamic squelch control, instant Channel 9/19, PA, large digital S/RF/SWR meter, RF gain, variable Talk-back, dimmer switch, NOAA weather channels, memory scan, frequency display, backlit control knobs/buttons, ANL/Noise filters, 7 selectable color options. Comes with 6 to 4 pin microphone adapter.

Features VFO Mode (continuous scanning of 24.880 Mhz to 24.980 Mhz and of 28.000 Mhz to 29.700 Mhz), multi-function LCD display, Frequency display, Dim, S-meter, Rotary switch & Up/Down channel selector on microphone, 38 tones CTCSS, 104 DCS codes, NB/ANL & Hi-Cut filters, 2 programmable emergency presets, 6 memory channels, channel & memory scan, Clarifier, adjustable time-out timer, manual & automatic squelch controls, Roger Beep, Dual Watch, RF & Mic Gain, VOX, Keylock, SWR power reading, Echo, +10KHz switch, RF power control, front mounted microphone, rear PA & external speaker jacks.

MM145

Black 5" magnet mount base with 3/8" x 24" threads, 13' RG58 coax cable and PL259 connector.

DNC520

6 pin replacement mic for President radios.

VIRGINIA

19.69" tall 250 watt 1/4 wave 26-28 Mhz magnet mount antenna with weather trap.

IOWA

40.16" tall 100 watt 1/4 wave 26-28 Mhz adjustable CB antenna with weather trap, 3/8"X24" threaded base with stainless steel whip.

TEXAS

83.46" (6.955') 2,400 channel wide band 7,200 watt 7/8 wave 10/11 meter antenna with 3/8"X24" threaded base with weather trap & stainless steel whip

10
METER

RICHARD

13/50 Watt AM/FM 10 meter transceiver with continuous scanning of 28.000 MHz to 29.700 MHz & 7 selectable back light colors. Compact Din size with front mount microphone enables mounting in dash or overhead. Features rotary channel selector, LCD multi-function display with frequency read-out, RF & Mic gain, Signal strength meter, VFO mode, Talk-back, Roger Beep, Echo, Built-in SWR/Power meter, Vox, Pre-set emergency 1 & 2, USB 5V 2.1A jack, ANL, NB & Hi-Cut filters, Manual squelch & ASC, Tone, RF power, Time-out timer, PA & rear external speaker

Galaxy

10
METER

DX66V3

Mid-size chassis (7.25" wide) 10 meter radio with AM, Dual Mosfet output, starlite back-lit faceplate with blue lettering, orange 5 digit frequency counter and meter, 2 digit blue channel indicator, dual pot Echo circuit, Talk-Back with on/off, automatic SWR circuit, high SWR LED indicator, RX/TX LED indicator, +10KHz circuit, bright/dim, front mount 4 pin microphone, rear PA & external speaker jacks.

DX47HP

100 watt - 10 Meter AM/FM mobile radio with (7 selectable) backlit color changing face. Features 4 Mosfet amplification & internal cooling, bottom mounted heat sink, PA, Echo with dual controls, 3-function meter, front mic jack, +10KHz circuit, blue channel display, variable dimmer control pot, modulation lamp with on/off switch, automatic SWR circuit, High SWR alert LED, Talk-back circuit with on/off switch, Roger Beep & variable power output.

FACE CHANGING COLORS:

White, Dark Blue, Light Blue, Green, Amber, Pink or Red

DX94HP

100 watt, 10 meter radio with AM/USB/LSB modes. Features large dual blue LED meter, variable power output & receive gain controls, front Echo/Voice changer control, Roger Beep on/off, "StarLight" faceplate, power output/SWR and incoming signal strength meter, side mic jack, variable dimmer control for LEDs, meter lamp & faceplate lettering, on/off frequency display, variable Talkback, & standard clarifier.

10 METER RADIOS & ACCESSORIES

10
METER

SR25MC

Compact 20 watt AM/FM 10 meter radio with selectable 7 color LCD display & 6 level dimmer for easyday/night viewing. The compact size enables radio mounting in most vehicles. Features up/down microphone channel, Mic gain, High/Low RF power, squelch & auto squelch, Hi-Cut filter, Scan, two programmable emergency channels, Talk-back, selectable auto or manual RF Gain, Noise blanker, Roger Beep with 5 selectable tones and -5KHz function. The rugged cast aluminum heatsink efficiently dissipates heat and provides stability to the circuit board to prevent vibration.

SR94HPC

Compact (5.8" L x 4.8" W x 1.4" H) 45 Watt AM PEP 10 meter transceiver is small enough to mount just about anywhere. Features a full Color TFT display with dimmer, Back-Lit keys, Scan & Dual channel watch, channel & frequency display, Digital S-Meter display, Integrated Automatic SWR Meter, Roger Beep, instant channel 9 & 19, Noise Blanker & Hi-Cut filters & Time-Out Timer function. Optional CTCSS Board & Bluetooth connectivity with accessories (not included).

10
METER

SR497HPC

10 meter (110 Watt) AM/FM/PA mobile transceiver with selectable 7 color changing face lights, channel & frequency display. Features 12 stage dimmer, large round multi meter, 2 Roger Beeps, noise blanker/ANL, Echo board with dual controls, Talkback with volume control, variable output power levels, +10Khz switch, pre-wired for FC390 frequency counter. 110 Watts Max AM PEP output.

**SR497CRD - SR497HPC (New Version)
Replacement Power Cord**

SR655HPC

10 meter (80-90 Watt) AM/FM/PA mobile transceiver with selectable 7 color changing face lights, channel & frequency display. Features built-in frequency counter, Hi-Cut noise filter, 32 stage dimmer, large square multi meter, Built in SWR scale, 6 Roger Beeps, noise blanker/ANL, Echo board with dual controls, Talkback with volume control, variable power, +10Khz switch, 80-90 Watts Max AM PEP output, PC programmable.

10
METER

SR955HPC

10/12 meter (80-90 Watt) AM/FM/SSB/PA mobile transceiver with selectable 7 color changing face lights, channel & frequency display. Features built-in frequency counter, Hi-Cut noise filter, 32 stage dimmer, large square multi meter, Built in SWR scale, 6 Roger Beeps, noise blanker/ANL, Echo board with dual controls, Talkback with volume control, variable output power levels, 80-90 Watts Max AM PEP output, 80 Watts Max SSB output, PC programmable.

10/12
METER

SR447HPC2

Compact size (6.2" W x 1.9" H x 9.7" D) 10 meter (55 Watt) AM/FM/PA mobile transceiver with selectable 3 color (amber, green, red) changing face lights. Features an easy to read meter, RF power control, RF gain, variable dimmer, variable Talk-back, built-in SWR meter, internal Treble & Bass controls allow receiver adjustments for optimum noise reduction. Rich Hi-Fi modulation adds depth to broadcast voice for loud and clear transmission, front mount microphone & rear PA and external speaker jacks.

10
METER

SR447CRD - SR447HPC2 power Cord

SR2K

10/11 meter, wide band (26-30 Mhz) trucker antenna with 5" & 10" shaft.

SR5KRM-B

10/11 meter, wide band (26-30 Mhz) roof mount antenna.

SR65BC

Black 4-Pin dynamic noise cancelling microphone with 9' cord. Features rugged ABS housing, ergonomic design, chrome plated microphone key & steel mesh grill.

SRA10MAG

10,000 watt 10/11 meter, wide band (26-30 Mhz) trucker antenna with a heavy duty magnet base.

SRA1020

10,000 watt 10/11 meter, wide band (26-30 Mhz) antenna with weather trap & 2 - 10" stainless steel adjoining shafts.

Spartan 5 watt, 16 channel handheld radio with optional voice annunciation delivers reliable communications for business. The radio weighs 7.2 oz and the compact case measuring 4.6" x 2.2" x 1.3" enables effortless portability. The easy to use radio is pre-programmed to operate with other jobsite business radios or can be fully programmed to existing simplex channels, repeater systems or independent FCC licensed frequencies. Features 2 pin Motorola style microphone jack, 12.5/25 kHz channel spacing, CTCSS/DCS, 700 mw audio output, Time-Out Timer & power save mode. Includes 1,500 mAh Li-ion rechargeable battery that provides up to 14 hours of use, a rapid rate drop-in desktop charger provides a full charge within 2-3 hours, rubber antenna & belt clip.

TM8102

Programmable VHF (136-174 MHz) mobile radio is designed for professional in-vehicle and dispatch communications. Radio is built with a heavy duty chassis and accessories are designed to provide years of trouble free communications. Features 512 Channels, Up to 32 Groups (Dynamic), 10 digit Alpha Numeric Display, 12.5/15/25 kHz Channel Spacing, User Selectable Squelch Control, CTCSS/DCS, DTMF Encode/Decode, DTMF ANI, 2 Tone Decode and 5 Tone Encode/Decode, Voice Inversion Scrambler, Normal & Priority Scans, Adjustable Power, Remote Stun and Revive, 4 Programmable Function Buttons, DE-15 Data Connector, PA & External Speaker Jacks, Meets Mil-Standard 810F, ISO-9001:2000 approved, operates in -22° to 140° F (-30° to 60° C), 3 year warranty. Bluetooth, Repeater & GPS connectivity with accessory options (Not Included). Dimensions: 1.75" x 6.5" x 6.75".

DASH CAM

SC201

Dual view full 1080P HD dash cam with real-time driver alerts provides interior & exterior security day or night. Features a 2" LCD screen, front & cabin view, real-time driver alerts for speed/red light cameras and road conditions, cloud video management, full HD 1080P provides outstanding clarity, infrared LED interior camera provides clear night-time video & emergency Mayday notification contact. Kit includes: 16GB SD card, windshield mount & 12V power cable.

RADAR

RAD350

All band (X, K & Ka Bands) Radar & Laser detector with VG2. Features Laser eye that provides front & rear protection, detects "Instant-On" radar guns, IVT™ anti-falsing circuitry filters out unwanted signals, audible signal strength levels, easy to read 7 segment color Icon data display, adjustable sensitivity, Dim & Auto mute.

RAD480I

RAD480I incorporates bluetooth connectivity to share and receive real-time driver alerts from the Cobra driving community and enables access to the nationwide database of red light and speed cameras. Features long range detection, DSP (digital signal processing) for advanced warnings, IVT filter eliminates unwanted alerts from collision avoidance systems, updatable software, Voice Alerts (English/Spanish), bright OLED display with Dim, front & rear Laser detection, Digital Signal Strength meter & Mark button enables user to lock out false alerts. Includes 12 volt cig power cord & suction cup window bracket. Approximate dimensions: 4.25" L x 2.75" W x 1.25" H

BLACKBOX+

Professional 2-Way Radio

Rugged 4 watt 16 channel Military grade radio with IP54 all-metal water resistant housing. Features 50 CTCSS, 104 CDCSS codes, Channel scan, Priority scan, Time-out timer, 2-Tone Encode/Decode, VOX, Channel Voice Enunciation, Programmable button (VOX, Announce Battery Power or Emergency Alert), Switchable High/Low Power, Busy channel lock-out & 2-pin Motorola type audio accessory jack. Comes with 1300 mAh Li-ion rechargeable battery, rapid rate drop in desktop charger, belt clip, rubber antenna & accessory clamp.

BLACKBOXPLUSU

430-470 MHz

BLACKBOXPLUSV

150-174 MHz

POCKET PLUS

Compact 400-470 MHz 16 channel 1.5 watt, 2-way radio. Features voice prompt, mic/earphone jack, VOX, Scan, Scramble, Time-out timer, battery saver, low battery warning, TX end tone, Busy channel lock-out, Squelch level adjust, CTCSS/DCS Decode and Encode, Wide/Narrow Band 25KHz/12.5KHz. Includes 1200mAh Li-ion rechargeable battery, belt clip, wrist strap, AC charger with USB cable.

POCKETCHARGE

6 unit charger
POCKETCASE
Silicone case

BLACKBOXAGENT

D-ring earloop with clear-audio speaker that rests on left/right ear. Has in-line microphone and PTT button.

BLACK BOX RAZOR

STARM1

Surveillance audio coiled tube ear piece with PTT button & microphone.

Behind the head water resistant in-line noise cancelling boom microphone, PTT button.

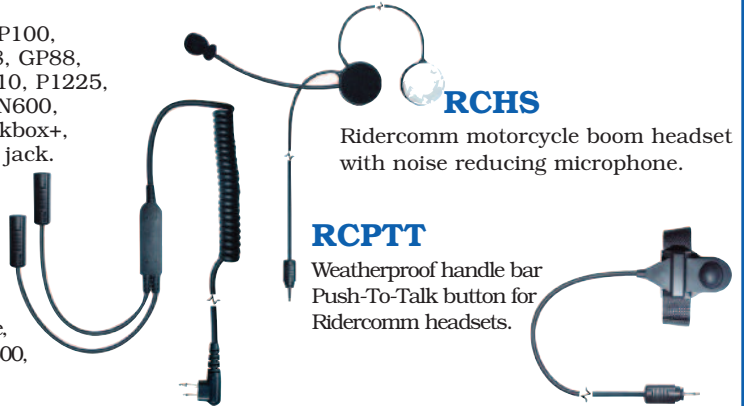

HEADSET ACCESSORIES

RCM1

Right Angle 2 prong Helmet headset connector for Motorola BPR40, CP100, CP125, CP150, CP185, CP200, CT150, CT250, CT450, CT450LS, GP68, GP88, GP280, GP300, GP308, GP2000, GTI, GTX, LTS2000, P040, P080, P110, P1225, P1225LS, PR400, PRO3150, SP10, SP21, SP50, XTN446, XTN500, XTN600, XV1100, XV2100, XU1100, 2100, 2600, VL130, VL50, Blackbox, Blackbox+, Relm, HYT, Tekk & many other radios that use a 2 prong microphone jack.

RCS1

Straight 2 prong Helmet headset connector for Icom IC-F3, F3S, F30G, F31, F4, F4S, F4TR, F10, F20, H2, H6, J12, M5, U12, U16, 4008, 4088A & Amateur 2 pin, Maxon SL25, SL55, SP100, SP120, SP130, SP140, PL1145, PL2215, PL24125, PL2245, PL24445, Cobra handhelds, Midland 75-822, Motorola Talkabout 200, 250, Distance, Distance DPS, Ritron Patriot Series, R1X, SST, Jobcom JMX, MBX, Vertex VX-200, 500, 510, VX-520UD & many other radios that use a 2 prong microphone jack.

RCHS

Ridercomm motorcycle boom headset with noise reducing microphone.

RCPTT

Weatherproof handle bar Push-To-Talk button for Ridercomm headsets.

NMOHFGPSNC

High performance GPS roof mount antenna designed for Public Safety, Search & Rescue, AVL (Automatic Vehicle Location) & Survey/Mapping applications. Unique design enables adding a 27 MHz to 6.0 GHz NMO base antenna on top. Easily converts from low to high frequency by adjusting the center coax pin. No connector.

NMOQW152

152-162 Mhz 1/4 wave unity gain antenna with 3/4" base and .070 diameter stainless steel whip.

NMOCAPB

3/4" NMO type antenna cap.

NMO150/450/758

150, 450, 758 MHz black tri-band 3/4" base load antenna with spring.

NMO150/450/800

150, 450, 800 MHz black tri-band 3/4" base load antenna.

NMO27

27-30 MHz 3/4" base load black coil & stainless rod.

GPSNMO08

3/4" 1575.4 MHz GPS antenna with 17' RG58U/D coax cable & SMB connector.

NMO150B

144-174 MHz, 3/4" 3dB base load coil & black rod.

NMO150BCO

144-174 MHz, 3/4" 3dB base load replacement coil.

LP406NMO

406-420 MHz 3/4" mount, low profile unity antenna.

CPI500W

PRO500W - 10.5 - 15.0 V DC 500 Watts continuous power Modified Sine Wave Inverter with 1,000 Watts peak power and two fast charge USB ports. Features two USB ports, 2 GFCI protected AC outlets, thermal shutdown, reverse polarity protection, low voltage alarm/cut off, 2-color LED indicator, cooling fan and rear battery terminals. Includes 16" #10 AWG power cables, 16" 12 volt cigarette plug accessory cable and quick start guide. Optional ON/OFF remote, sold separately (CPIALCDG1).

**CLOSEOUT
SPECIAL
PRICE!**

CPI400PSW

PURE SINE 400W - 10.5 - 15.0 V DC 400 Watts continuous power Pure Sine Wave Inverter with 800 Watts peak power and two fast charge USB ports. Features two USB ports, 2 GFCI protected AC outlets, thermal shutdown, reverse polarity protection, low voltage alarm/cut off, 2-color LED indicator, cooling fan and rear battery terminals. Includes 16" #10 AWG power cables, 16" 12 volt cigarette plug accessory cable and quick start guide. Optional ON/OFF remote, sold separately (CPIALCDG1).

CPI1500W

PRO1500W - 10.5 - 15.0 V DC 1,500 Watts continuous power Modified Sine Wave Inverter with 3,000 Watts peak power and two fast charge USB ports. Features two USB ports, 4 GFCI protected AC outlets, thermal shutdown, reverse polarity protection, low voltage alarm/cut off, 7 segment LED display, LED input/output indicator, two cooling fans and rear battery terminals. Includes 48" #4 AWG power cables with terminals, terminal protector boots and quick start guide. Optional ON/OFF remote, sold separately (CPIALCDG1).

CPI2500W

PRO2500W - 10.5 - 15.0 V DC 2,500 Watts continuous power Modified Sine Wave Inverter with 5,000 Watts peak power and two fast charge USB ports. Features two USB ports, 4 GFCI protected AC outlets, thermal shutdown, reverse polarity protection, low voltage alarm/cut off, 7 segment LED display, LED input/output indicator, two cooling fans and rear battery terminals. Includes 2 black and 2 red 48" #4 AWG power cables with terminals, terminal protector boots and quick start guide. Optional ON/OFF remote, sold separately (CPIALCDG1).

CPI3000W

PRO3000W - 10.5 - 15.0 V DC 3,000 Watts continuous power Modified Sine Wave Inverter with 6,000 Watts peak power and two fast charge USB ports. Features two USB ports, 4 GFCI protected AC outlets, thermal shutdown, reverse polarity protection, low voltage alarm/cut off, 7 segment LED display, LED input/output indicator, two cooling fans and rear battery terminals. Includes CPIALCDG1 on/off remote control with fast charge USB to monitor & charge devices, 2 black and 2 red 48" #2 AWG power cables with terminals, terminal protector boots, mounting clips/screws and quick start guide.

CPIALCDG1

Remote controller is designed to work with CPI400PSW, CPI500W, CPI1500W, CPI2500W & CPI3000W power inverters to remotely turn on/off the power inverter from inside vehicle and provides two USB fast charge ports. Unique design provides 4 mounting options: Flush, keyhole, cup holder and clip. Includes 15' RJ-45 cable, clip mount & screws.

CPIA4000BC

Inverter cable kit includes 10' red #4 AWG power cable, 10' black #4 AWG ground cable, 8' green AWG #8 chassis ground cable with terminal, battery terminals with tinned contacts.

POWER INVERTERS

samlexamerica

PURE SINE WAVE INVERTERS

NTX100012

Pure Sine Wave 1,000 watt inverter with 2,000 watt surge is designed to prevent electrical interference when operating near sensitive equipment. FCC and ETL certified to meet strict UL and CSA safety standards for operation in USA & Canada. NTX inverters have a compact and lightweight footprint with a single variable speed temperature & load-controlled fan for quiet operation. Features Hypersurge™ technology to start high loads easily, 2 GFCI protected outlets, wide input voltage range. Includes NTX-RC LCD remote control.

NTX2000-12

Pure Sine Wave 2,000 watt inverter with 4,000 watt surge is designed to prevent electrical interference when operating near sensitive equipment. FCC and ETL certified to meet strict UL and CSA safety standards for operation in USA & Canada. NTX inverters have a compact and lightweight footprint with a single variable speed temperature & load-controlled fan for quiet operation. Features Hypersurge™ technology to start high loads easily, 2 GFCI protected outlets, wide input voltage range. Includes NTX-RC LCD remote control.

More Models In Stock!

MODIFIED SINE WAVE INVERTERS

SAM10012

Modified Sine-wave 100 watt 12 VDC - 115 VAC inverter. Features USB charging port: 5 VDC, 500 mA, compact design with built-in cigarette plug, low battery, high temperature, over voltage, overload, short circuit & earth fault protection.

SAM25012

250 watt (500 watts surge) high efficiency modified Sine-wave DC-AC inverter convert 12 VDC to 115 VAC at an output frequency of 60 Hz. Connect through any 12V cig lighter socket or use the battery clamps to connect directly to a battery. Includes one three prong outlet and a USB charging Port (5 VDC, 2.1A). Includes cigarette lighter plug & battery clamps.

SAM45012

450 watt (900 watts surge) inverter features low interference, high efficiency modified sine wave DC-AC inverters convert 12 VDC to 115 VAC at an output frequency of 60 Hz. Connect through any 12V cig lighter socket or use the battery clamps to connect directly to a battery. Includes two three prong outlets and a USB Charging Port (5 VDC, 2.1A). Includes cigarette lighter plug & battery clamps.

SAM80012

800 watt (1,600 surge) modified Sine Wave inverter features a USB charging port (+5 VDC, 2.1A) and 2 three prong outlets. Features load controlled cooling fan, low battery input alarm, universal protection circuit: thermal, battery, overload, short circuit & earth fault, soft start technology, cool surface technology & low interference technology.

SAM100012

Compact design 1000 Watts (2000 Watts surge) high efficiency modified sine wave DC-AC inverter converts 12 VDC to 115 VAC at an output frequency of 60 Hz. Features 2 outlets, remote control operation with optional SAM-RC, load controlled cooling fan, low battery input alarm, universal protection circuit: thermal, battery, overload, short circuit, earth fault & low interference technology.

SAM200012

Compact design 2,000 Watts (4,000 surge) high efficiency modified sine wave DC-AC inverter converts 12 VDC to 115 VAC at an output frequency of 60 Hz. Features 3 outlets, load controlled cooling fan, low battery input alarm, universal protection circuit: thermal, battery, overload, short circuit, earth fault & low interference technology. Control remotely with SAM-RC (not included).

SAMRC

Remote control for SAM series inverters.

Uniden

BCT15X

9,000 Channel (25 MHz - 1.3 GHz) GPS enabled **Analog** (compatible GPS required to activate function) scanner with BearTracker warning system. Features Truck Tracker III with Close Call (instantly tunes to signals from transmitters nearby) & Dynamic Memory, Location-Based Scanning, Close Call RF Capture, Auto Store, Do Not Disturb, IF Exchange, Pre-programmed for State-by-State Operation, Band Scope, Fire tone-out, CTCSS/DCS Decoding, S.A.M.E. Weather Alert, Alpha Tagging. Comes with AC/DC power cords, telescopic antenna, mounting bracket and serial PC interface cable.

Uniden
AUTOMOTIVE

DFR1

Long range radar/laser detector with 360° protection from all Radar & Laser Guns. Features Highway/City modes, mute & bright/dim switch.

BC355N

800MHz Mobile/Base **Analog** scanner with 6 pre-programmed service banks, 13 preset search bands & 300 user program-mable "private" channels. Features Close Call Only, Close Call Priority & Close Call DND, instant weather, CB & Emergency pre-sets, Temporary lock-out & supports Narrowband channels. Comes with mobile mounting bracket, DC wiring harness, Cig cord, AC adaptor & telescopic antenna.

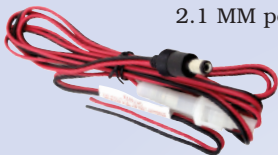

BC365CRS

500 channel (25-54 Mhz, 108-174Mhz, 225-380 Mhz, 406-512 Mhz) Narrowband ready **Analog** desk top scanner with built-in FM radio, alarm clock and weather. Features large LCD display, pre-programmed service search for Police, Fire, EMS, Aircraft, Marine & Ham radio channels, NOAA weather with scan and alert, 10 programming banks, 30 FM radio presets & alarm clock with snooze.

SCANNER ACCESSORIES

PS002

2.1 MM power cord for Uniden scanners.

PS001

2.1 MM cigarette cord for Uniden scanners.

KAC3BX

"Y" adapter, 3.5mm mono male to 2- 3.5mm female.

AT002

Inside window mount BNC suction cup scanner antenna.

USB1

USB adapter for Uniden scanner models BC246T, BCD396T, BCD996T, BCT15 & BC95.

BWZG1666001

BCD436HP, BC536HP, BC125AT, BCD996P2, BCD325P2 & Homepatrol scanners USB replacement cable.

EBC100

SDS100 external battery charger & spare 5.4 MAh Lithium Ion battery.

SBCSDS100

SDS100 Replacement battery cover.

BATG0557001

Homepatrol Black BNC replacement antenna.

BATG0452001

Adjustable 7-1/2" BNC telescopic antenna for scanners.

BATY0124001

Non-folding BNC metal telescopic antenna for scanners.

Uniden

SR30C

500 Channel hand held **Analog** scanner with Close Call® technology. Features 10 channel storage banks with pre-programmed service bands, Channel & Priority scan with Close Call Do-Not-Disturb, Quick search, Turbo search, Custom Search with search lock-outs, Back-light Dim, Memory back-up, three power options, Key tones, Key lock, built in USB charging port, Battery save, Low Battery alert & headphone jack. Includes rubber antenna and belt clip.

BC125AT

500 channel (25-512MHz) handheld **Analog** scanner with Close Call RF Capture Technology, Close Call Do-Not-Disturb & Temporary Store. Features 10 - 50 Channel Storage Banks with 10 priority channels. PC Programming enables user to download & program information into the scanner utilizing a computer. CTCSS and DCS Squelch Modes, Direct channel access, Lock-Out & Temporary Lockout Function. Text Tagging enables user to name each channel. 10 Preprogrammed Service Banks - for Police, Fire/Emergency, Ham, Marine, Railroad, Civil Air, Military Air, CB Radio, FRS/GMRS/MURS, and Racing banks make it easy to locate specific types of transmissions. Priority Scan with Do Not Disturb & Priority Plus, Weather Alert & Weather Alert Standby enables constant monitoring of NOAA broadcasts, LCD Backlight Display, Key Lock, Battery Save, Battery Low alert, Signal Strength Meter & Memory Backup. Operates on 2 Alkaline or rechargeable "AA" batteries, or USB cable. Built-In Charger - allows charging of the batteries in the scanner using a USB cable plugged into a PC port. Includes rechargeable batteries, USB cable, rubber antenna & belt clip.

BCD325P2

Deluxe 25,000 channel **Digital** hand held scanner with TrunkTracker V (includes APCO P25 I and II). Frequency coverage: 25-512 MHz, 758-824 MHz, 849-869 MHz, 894-960 MHz. Features Close Call™ RF capture, Temporary lockout, Location-based scanning, Fire tone-out alert, Band scope, channel number tagging, DCS/CTCSS rapid decoding, audio AGC, S.A.M.E. weather & alerts, backlit keypad & LCD display, dynamic memory, custom search function, 16 character text tagging, narrowband reception, key-safe mode, IF exchange, Pre-emptive Trunking priority, 12 service searches for Public Safety, News, Ham Radio, Marine, Railroad, Aircraft, CB Radio, FRS/GMRS, Racing, FM Broadcast & Special (Itinerant). Location alerts & Crows-Flight Navigation when using a compatible GPS device. PC programmable & control (not included). Includes batteries, antenna, USB cable & carry strap.

BCD436HP

This **Digital** (25 MHz - 1.3 GHz) hand held scanner incorporates HomePatrol programming technology. Super easy programming feature allows user to enter zip code to obtain local Radio Reference frequencies for USA & Canada. Features TrunkTracker V, APCO 25 Phase 1 & Phase II, X2-TDMA, Motorola, EDACS & LTR trunking, Close Call™ RF capture, 4GB memory, favorites list, system and department/site quick keys, recording, playback & replay, temporary avoid, fire tone-out alert, system analysis & discovery, system/channel number tagging, CTCSS/DCS rapid decoding, P25 NAC decoding, audio AGC, S.A.M.E. weather & alert, backlit keypad & LCD display, enhanced dynamic memory, narrowband reception, preemptive trunking priority, multi-site system support, channel volume offset, USB connectivity, PC programmable with simple to use Sentinel PC software, 8 hours battery life on 3x"AA" batteries.

SDS100

A **Digital True I/Q Receiver** designed for improved digital performance in simulcast areas. Uniden is first to incorporate Software Defined Radio technology to provide incredible digital performance in even the most challenging RF environments. The SDS100 digital performance is better than any other scanner in both simulcast and weak-signal environments. Features wide band frequency coverage of 25-512 MHz, 758-824 MHz, 849-869 MHz, 894-960 MHz & 1240-1300 MHz. The large customizable full color LCD display enables user to modify the color and what is being displayed in each display field. Rugged weather resistant JIS4 construction ensures reliability even in the harshest conditions. Accessories included: Lithium Ion battery, belt clip, wrist strap, rubber antenna, SD card, AC adapter, USB cable & connector.

Uniden

SDS200

The SDS200 incorporates the latest **Digital True I/Q receiver technology** designed for improved digital performance in simulcast areas and weak reception environments. The integrated VHF/UHF pre-amplifier improves digital reception in the most challenging RF environments which enables increased performance over any other scanners in both digital simulcast and weak-signal environments. Features wide band frequency coverage of 25-512 MHz, 758-824 MHz, 849-869 MHz, 895-960 MHz & 1240-1300 MHz. The 3.5" customizable color LCD display enables user to modify the color and what is being displayed in each display field. The 1.5 x DIN-E size enables convenient rack mounting. Features a 3.5" Customizable Color Display, Auxillary USB Type A Jack for Future Expansion, Ethernet Connectivity for Remote Streaming and Control, External Speaker Jack, Trunktracker X, APCO P25 Phase I and II Motorola, Location-Based Scanning, USA/Canada Radio Database, ZIP Code Selection for Easy Setup, GPS Connectivity for Simple Mobile Operation, Close Call™ RF Capture with Do Not Disturb, 8 GB microSD, Soft Keys for Intelligent UI, Recording, Playback, and Replay, Temporary Avoid, Fire Tone-Out Alert, System Analysis and Discovery CTCSS/DCS/NAC/RAN/Color Code Decoding, S.A.M.E. Weather Alert, Enhanced Dynamic Memory, Pre-emptive Trunking Priority Multi-Site System Scanning, Fully Customizable Scanning (user frequencies), Backlit Keypad, Channel Volume Offset, PC Programming & Control, USB Connectivity, Weekly Database Updates with Free Sentinel Software. Optional Upgrades: EDACS, and LTR Trunking, MotoTRBO Capacity + and Connect +, DMR Tier III, Hytera XPT, Single-Channel DMR, NXDN 4800 and 9600 EDACS & ProVoice. Includes: Mounting bracket, telescoping antenna, AC & DC adapter, wiring harness, USB interface cable, 8GB SD card, and hardware.

BCD996P2

Deluxe 25,000 channel **Digital** base/mobile scanner with TrunkTracker V (includes APCO P25 I and II). Frequency coverage: 25-512 MHz, 758-824 MHz, 849-869 MHz, 894-960 MHz. Features Close Call™ RF capture, Temporary lockout, Location-based scanning, Fire tone-out alert, Band scope, channel number tagging, DCS/CTCSS rapid decoding, audio AGC, S.A.M.E. weather & alerts, backlit keypad & LCD display, dynamic memory, custom search function, 16 character text tagging, narrowband reception, key-safe mode, IF exchange, Pre-emptive Trunking priority, 12 service searches for Public Safety, News, Ham Radio, Marine, Railroad, Aircraft, CB Radio, FRS/GMRS, Racing, FM Broadcast & Special (Itinerant). Location alerts & Crows-Flight Navigation when using a compatible GPS device. PC programmable & control (not included). Comes with AC power adapter, antenna, DC wiring harness, USB cable & mounting hardware.

BCD536HP

This **Digital** (25 MHz - 1.3 GHz) base/mobile scanner incorporates WIFI connectivity to your smartphone or tablet & HomePatrol programming technology. Super easy programming feature allows user to enter zip code to obtain local Radio Reference frequencies for USA & Canada. Features TrunkTracker V, APCO 25 Phase I & Phase II, X2-TDMA, Motorola, EDACS & LTR trunking, WIFI link for remote access, Close Call™ RF capture, 4GB memory, favorites list, system and department/site quick keys, recording, playback & replay, temporary avoid, fire tone-out alert, system analysis & discovery, system/channel number tagging, CTCSS/DCS rapid decoding, P25 NAC decoding, audio AGC, S.A.M.E. weather & alert, backlit keypad & LCD display, enhanced dynamic memory, narrowband reception, preemptive trunking priority, multi-site system support, channel volume offset, USB connectivity, PC programmable with simple to use Sentinel PC software enables database & firmware updates.

BCSGPS

NEW!

Universal receiver module kit. Connets Uniden GPS enabled Scanners & CB Radios. Compatible with BCD325P2, BCD396T/BCD396XT, BCD436HP, BCD536HP, BCD996T/BCD996XT, BCD996P2, BCT15/BCT15X, BC346XT, HOMEPATROL1 & HOMEPATROL2, SDS100 & SDS200, BEARTRACKER885.

HOMEPATROL 2

HomePatrol2 is a unique **Digital** public safety receiver that can quickly monitor local agencies based on location to stay informed 24/7. The intuitive 3.5" LCD color touch-screen leads user through initial setup quickly. Operations center around the touch screen & is really easy to operate! Just enter your zip code or city on the easy-to-use touch screen, and the scanner will listen for transmissions in your area. HomePatrol2 features include a front-firing speaker, receives all un-encrypted, non-proprietary radio systems including APCO 25 Trunked & Conventional, Motorola Analog & Mixed Digital, EDACS Narrow & Wide, LTR, Conventional, Phase 2 TDMA & TrunkTracker V. Comes with an installed MicroSD card for storing favorites lists & recording transmissions with quick record and playback. Simple factory pre-programmed frequencies for all known radio systems in the US & Canada, Zip code entry for instant reception of local Police, Fire & EMS, City selection for instant access to local services, "Locate-me" determines local systems, GPS connection (RS232) for precise system selection & continuing re-selection when traveling, S.A.M.E. Emergency/Weather Alert & standby, built-in clock, mute, auto shut off & favorites list. Updatable software. Operates on 4 standard "AA" Alkaline or NiMH rechargeable batteries. Batteries can be recharged via USB cable when plugged into a power source. Comes with MiniUSB to USB connection cable, Rubber Antenna, installed MicroSD card, 4 "AA" 2300 mAh NiMH rechargeable batteries & Table stand.

Uniden

MHS75

1/2.5/5 Watt compact VHF handheld marine radio with JIS8/IPX8 submersible standards. Covers all U.S.A., International & Canadian channels. Features dual, triple & quad watch plus, large orange easy to read LCD display, backlit keypad, memory channel scan all NOAA weather channels & alerts. Comes with 12 hour Li-ion rechargeable battery, rapid clip on DC charger, belt clip & wrist strap. In Black.

ATLANTIS275

Compact handheld marine radio has three selectable power settings (6/2.5/1 watts) and a floating waterproof IPX8/JIS8 (fully submersible to 4.9 feet for 30 minutes) design that includes all international VHF channels, the new 4-digit channels and Canadian "B" channels. Features a large back-lit LCD display (white for day-time/red for nite-time), back-lit keys, noise cancelling microphone, emergency strobe light, built-in flashlight, NOAA weather channels with alert, speaker/microphone jack, 1200 mAh Li-ion rechargeable battery that operates up to 10 hours on a single charge. Charging cradle and AC/DC charging cables included. In Black.

ATLANTIS155

Compact 3/1 watt floating waterproof (IPX8/JIS8) marine handheld radio is fully submersible to 4.9 feet for 30 minutes. Includes all USA, international VHF channels, the new 4-digit channels and Canadian "B" channels. Features a large back-lit LCD display (white for day-time/orange for nite-time), glow-in-the-dark gasket seals and NOAA weather with alerts, headset jack. Four "AAA" 950mAh NiMH rechargeable batteries will operate up to 10 hours on a single charge. Also operates on four "AAA" standard batteries. DC charging cradle & AC adaptor included. In Black.

FIXED MOUNT RADIOS

UM385 / UM385-BK

25/1 Watt fixed mount marine radio with IPX4 JIS4 waterproof level. Features all USA, Canadian & International channels including the new 4 digit and Canadian "B" channels. Features rugged microphone, memory channel scan, triple watch feature, Class D DSC (Digital Selective Calling), large easy to read back-lit keypad and LCD full Dot Matrix display, NOAA weather channels with S.A.M.E., emergency/weather alerts, High/Low power switch. In Black or White.

**IPX8/JIS8
RATED!**

UM435 / UM435BK

25/1 Watt submersible (IPX8/JIS8) fixed mount VHF marine radio. Covers all USA, Canadian & International channels including the new 4 digit and Canadian "B" channels. Features rugged quick command microphone for easy operation of radio, distress call button, memory channel scan, Triple-Watch Plus feature, Class D DSC (Digital Selective Calling), large easy to read full Dot Matrix display, back-lit LCD display and keypad, NOAA weather channels with S.A.M.E., emergency/weather alerts & weather scan. In Black or White.

MRF45D

1/25 Watt JIS7 submersible Class-D fixed mount VHF radio covers U.S.A., Canadian & International channels. Features noise cancelling mic & all NOAA weather & hazard alerts. Includes over/under console C bracket & Locking microphone hanger. In White.

MRF77BGPS

25/1 Watt - Class D IPX8/JIS8 Submersible VHF Marine radio features a large illuminated LCD display and an integrated GPS receiver, unique Rewind-Say-Again digital voice recorder, noise cancelling mic, illuminated keys, 4 soft keys allows user to easily activate and navigate through menus, NMEA in and out, GPS external alarm input, built-in NOAA weather & emergency alert broadcasts 24/7, emergency channel 16/9, channel & memory scan, Tri-watch, PA, external speaker jack & signal strength meter. In gray housing.

MRHH150FLT

3 watt handheld VHF floating marine radio is rated JIS7 and is fully submersible for 30 minutes at one-meter depth. Features all US and International channels, selectable power, instant NOAA weather with hazard & weather alert, back-lit display, memory channel, dual watch, channel scan, instant channel 16. Includes 5 NI-MH rechargeable "AAA" batteries, belt clip and cigarette power cord.

MRHH350FLT / MRHH350FLT-W

6 Watt ultra-compact VHF Marine Radio with floating design. Features JIS7 submersible rating (30 minutes submersed), instant NOAA weather, noise cancelling microphone, BURP, all U.S.A./Canadian & International VHF channels, Tri-Watch, unlimited memory channels, emergency channel 16, button/key lock, large illuminated LCD display, selectable key tone beep, external speaker/microphone jack, memory scan & more! Comes with 1,000mAh Lion rechargeable battery, drop-in locking desktop charger, AC adapter, 12V DC accessory plug, replacement rubber antenna & belt clip. In Grey or White.

MRHH500FLTBT

1/3/6 Watt Floating VHF handheld marine radio covers all U.S.A., Canadian & International channels. Features Bluetooth wireless technology, Rewind-Say-Again, JIS7 submersible standards, Burp vibrates water out of speaker grill & improves speaker performance, built in noise cancelling microphone for clear conversations, NOAA all hazards & weather alerts, tri-watch, unlimited memory channels, illuminated function keys & backlit controls, LCD display, button lock, instant Ch. 16, scan & memory scan, battery saver, speaker mic jack & selectable key tones. Comes with 1,000 mAh Lithium Ion rechargeable battery, locking desktop charger, AC & DC adapters, "AA" battery tray, spring loaded belt clip & wrist strap. In Black.

MRHH600FLTGPS / MRHH600WFLTGPS

6 watt handheld VHF marine radio with built-in GPS enables viewing of your exact coordinates to transmit distress (DSC) location. Features Bluetooth connectivity to your cellular phone, built-in flashlight with emergency strobe, NOAA weather with alerts, rewind-say-again, selectable 1.3 or 6 watt power, large easy to read display, built-in noise canceling microphone and instant channel 16. Floating waterproof design with bright orange core makes the radio easy to find if dropped in water. Includes 12V and 120V chargers, drop in charging cradle and belt clip. Operates up to 20 hours on rechargeable 2,000mAh Li-ion battery (included). In black or white.

PA AMPLIFIERS & HORNS

SPECO

CBS240-B

4" - 5 watt, 8 Ohm black weatherproof marine ABS plastic extension speaker with 180° adjustable mounting bracket, 10 foot cord, 3.5mm plug.

SPC5P

5", 15 watt 8 ohm ABS Plastic white weatherproof PA horn with 10' cable, & plug.

SPC10

6", 15 watt 8 ohm weather resistant aluminum PA horn with rubber bell protector.

SPC15

8", 15 watt 8 ohm weather resistant aluminum PA horn with rubber bell protector.

ASPC20

6" 20 Watt weatherproof amplified PA speaker.

SPC15R

25 watt 8 ohm aluminum weatherproof 5-3/4" x 8-3/4" PA horn with rubber surround.

SPC104

6" weatherproof aluminum 15 watt 4 ohm PA horn with rubber bell protector.

AES4

5-1/2" 10 Watt 4-8 Ohm Amplified speaker with soft padded grille, swivel bracket & 10 foot cord, 3.5mm plug.

SA15RP

5"x8", 30 watt 8 ohm, 120dB ABS plastic weatherproof Dual Tone Siren for 6-14 Volt DC applications. Adjustable pivoting base with 12" 3-wire pigtail & hardware.

SPC15RP

White 8 ohm, ABS plastic weatherproof PA horn. Frequency range: 200Hz - 15kHz, NDAA compliant, 30 watts max power. Dimensions: 7-3/4" W X 4-5/8" H X 9-1/2" D.

SPC40RP

White 8 ohm, ABS plastic weatherproof PA horn. Frequency range: 200Hz - 15kHz, NDAA compliant, 40 watts max power. Dimensions: 6" W X 10-7/8" H X 8-3/8" D.

PAT20TB

PAT-20TB 20 Watt 12 volt mobile Talk-Back DC Mobile Amplifier. Features 4-8 ohms, 50Hz - 20kHz frequency response, front mic jack, mounting bracket & cigarette plug. Dimensions: 5-1/8" x 1-1/4" x 4-1/2"

DM520P

500 Ohms impedance hand held microphone with a 1/4" phono plug for PAT-20 & PAT-20TB.

PMM60A

60 Watt RMS 120 Volt AC PA Amplifier Mixer with 6 Mic inputs.

PBM30

30 Watts RMS 120 Volt AC PA Amplifier with 2 Mic inputs.

VHF Marine Antennas

- 3961** 5' 1/2 wave antenna with 15' cable
- 3991M** 9-1/2' 5/8 wave mast mount antenna with 15' cable
- 420** 5' VHF 1/2 Wave, Lift & Lay Ant.
- 5101** 8' 6dB VHF with chrome ferrule, 15' cable
- 5102** 8' Center fed VHF antenna with 15' cable
- 5202** 8' VHF Heavy Duty Professional
- 5206N** 8' VHF antenna with nylon ferrule, 15' cable
- 5218** 19" VHF magnet mount antenna with RG58AU cable
- 5225-XT** 8' VHF, 6 db with stainless steel ferrule
- 5226XT-B** 8' 6dB VHF 5/8 wave with 20' cable - Black
- 5399** 9'-6" VHF 2-section 100 watt, 6dB gain, 5/8 wave
- 5400XT** 4' VHF 3dB with 20' cable
- 5911** 10" emergency VHF stow away

Commercial VHF/SSB Antennas

- 390*** 23' 2 section heavy duty SSB antenna
- 476*** 21' one section heavy duty VHF antenna
- 4018*** 19' 1/2 Wave VHF Professional
- 4018M*** 19' 1/2 Wave VHF Mast Mount

Truck Shippable Only

Marine Mounts

- 81** Chrome plated brass heavy duty deck/side mount
- 408R** Upper bracket for 1" to 1-1/2" diameter antennas
- 410-R** Heavy duty 81 swivel mount & 408R standoff bracket
- 4186U** Nylon ratchet mount unassembled
- 4187** Stainless Steel ratchet mount

- 4187HD** Extra Duty, Stainless Steel ratchet mount
- 4188SL** Stainless Steel ratchet rail mount with swivel
- 4190** Stainless steel rail mount
- 4365** 4" tall Stainless Steel deck mount
- 4710** 1" high Stainless Steel flange mount 1" to 1-1/4" threads
- 495** Nylon "Lift-N-Lay" mount

VHF Sailboat Antenna

- 5215CX** 3' VHF base load sailboat antenna with 60' cable

Cellular/Loran/GPS Antennas

- 5237XT** 8' 3dB Dual Band Cellular W/25' cable, TNC conn
- 5410XT** 4' Dual band (800/1900 MHz) cellular antenna
- 5410XTM** 4' 3dB Dual Band Cellular mast mount

CB/Marine

- 4050B** 3' Lift-N-Lay CB Marine ant.
- 5223XT** 8' tuneable CB ant. w/20' cable

Marine TV Antenna

- 3019** 19" omni-directional HD TV antenna w/hardware

AM/FM Marine Antennas

- 4351** 3' AM/FM antenna with 1"-14 thread base, 10' cable and motorola plug
- 4353** AM/FM on glass antenna with 6' cable & plug
- 4357-S** AM/FM/VHF band separator, use W/VHF base load antenna

Extension Masts

- 4008** 8' extension mast with Chrome fittings
- 40084** 4' extension mast with Chrome fittings
- 4364** 1' extension mast with nylon ferrule
- 4700-1** 1' Stainless Steel heavy Duty extension mast

with shock spring.

4BTV
21'-5" HF Vertical for
10, 15, 20 & 40 Meters

5BTV
25'-1" HF Vertical for 10,
15, 20, 40 & 75 or 80
Meters

6BTV
24' HF Vertical for 10,
15, 20, 30, 40, 75 & 80
Meters

Hustler® HF verticals are
constructed of 1-1/4" heavy
wall, high strength corrosion
resistant aluminum tubing,
aluminum mounting
brackets & low-loss high
strength isolators. Broad-
banded for a low VSWR &
will handle full legal limit
transmission on SSB or CW.
Easy to assemble, clamps
onto poles with Stainless
Steel clamps & hardware.

DRX6030

Compact 100 watts SWR/Power meter to calibrate antenna & check radio power, with 18" coax cable.

DRX9010

Communication grade 15 watt, 6 Ohms 5" wedge speaker provides a natural voice sound & extreme clarity, 10' - 20 gauge cord with plug.

DRX3702

Door hinge mount with DRX2390 SO239 stud is designed for 2017-Up International LT series trucks. Attaches on the driver or passenger side. Heavy duty mount is constructed of 5 gauge aircraft aluminum with black matte powder coated finish.

C-CHANNEL MOUNTS

Constructed of aircraft extruded aluminum with DRX2390 stud

DRX3232

1-1/8" Channel designed to fit Freightliner mirror arms

DRX3242

1-1/4" Channel designed to fit Navistar & Volvo

MOUNTING BARS

DRX1750

Heavy Duty 4-1/2" long Acier Inoxydable Stainless steel mounting bar with M8 threads for Volvo trucks.

DRX1850

Heavy Duty 6-1/2" long Acier Inoxydable Stainless steel mounting bar with M8 threads for Freightliner Cascadia trucks.

DRX1950

Heavy Duty 6" long Acier Inoxydable Stainless steel mounting bar with M8 threads for Spot mirrors.

DRX6560

4 pin Noise Cancelling microphone with 9' cord & chrome placed mesh grill is designed to eliminate unwanted background noise from wind, road noise and other elements to produce crystal clear voice transmissions.

DRX7110

6' 14 gauge heavy duty 3 pin power cord & 8 amp inline fuse.

DRX7120

6' cig plug 14 gauge heavy duty 3 pin power cord & 8 amp inline fuse.

DRX7050

Universal line noise & electrical interference filter, (0-20v DC @15 amps continuous, 20 Amps peak). Ideal use for CB, Amateur radios, Marine, Business Band and Car Audio head unit applications.

DRX2440

3" tall by 1" wide heavy duty 3/8"-24 thread Stainless steel antenna spring with braided copper wire inside.

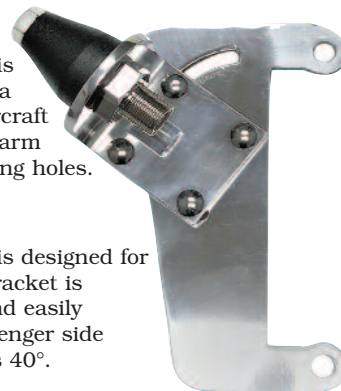

DRX3502

Antenna mount with DRX2390 SO239 stud is designed for 2008-2019 Freightliner Cascadia trucks. Bracket is constructed of 5 gauge aircraft aluminum and easily attaches to the mirror arm on the driver or passenger side without drilling holes. Forward angle adjusts 60°.

DRX3552

Antenna mount with DRX2390 SO239 stud is designed for 2017-Up Freightliner P4 Cascadia trucks. Bracket is constructed of 5 gauge aircraft aluminum and easily attaches to the mirror arm on driver or passenger side without drilling holes. Forward angle adjusts 40°.

DRX2390

Heavy Duty 3/8"-24 threaded SO239 stud constructed of Stainless steel, encased in ABS plastic with A 1" Stainless Hex base and stud.

DRX3402

Magnum heavy duty extra large double slotted mirror mount with DRX2390 stud, fits arms up to 2.5" wide and is constructed of .250 thick aircraft quality extruded aluminum.

DRX3682

Mirror arm mount with DRX2390 SO239 stud is designed for 2013-Up Kenworth T680/T880 trucks. Bracket is constructed of 5 gauge aircraft aluminum, easily attaches to the mirror arm on the driver or passenger side without drilling holes.

M213™ superior RG-213 coax cable with 15 gauge stranded copper wire, 100% Aluminum foil tape, 96% tinned Copper braiding & black PVC covering, enables power handling & prevents signal loss. Includes easy-on UHF connector.

DRX1509

9' single lead cable with UHF connector

DRX1512

12' single lead cable with UHF connector

DRX1518

18' single lead cable with UHF connector

KAVAL

All stainless fender mount with lug stud, fits 2001- 2007 Silverado, 2002 Avalanche, 2002 Suburban. Mounts on left side only.

K10

All stainless 3-1/2" flat mount with lug stud.

K13

All stainless angled side or fender mount with lug stud.

K18

All stainless 5-1/2" flat mount with lug stud.

KDM1

Dome mount with SO239 stud.

KF1-L

All stainless '97 - 2007 left side fender mount Ford 150/250 & Expedition mount with lug stud.

KD1

All stainless '94 - 2003 Dodge pickup fender mount & truck bed mount, with lug stud.

KD2

All stainless 2004 - 2008 Dodge pickup & 2016-17 Ford Explorer mount with lug stud.

KCOMM1

3/4" Stainless fender mount for Base Load antennas.

KSB1

All stainless tall fender mount with lug stud for deep groove mounting in full size vehicles.

KSB1B

KSB1 Without Stud.

KSB2

All stainless short fender mount with lug stud for deep groove mounting in full size vehicles.

KSB2B

KSB2 Without Stud.

KT1-L

All stainless '93 - 98 Toyota T100 fender mount with lug stud. Mounts on left side only.

KF3-L

All stainless steel left side fender mount with lug stud. Fits 2011-2012 F350, 2012 F250 Ford Trucks.

KF4-L

All stainless left side fender mount with lug stud. Fits 2008-2010 F350, 2010-2011 F150/250 Ford Trucks, 2011 Ford Escape.

KGM1-L

All stainless '99 GMC Sierra/Chevy Silverado left side fender mount with lug stud.

KSM4

All stainless 90° mount with lug stud.

KJ1

All stainless left/right side fender mount with lug stud. Fits 2007 & up Wrangler Jeeps.

KGM3-L

All stainless left side fender mount with lug stud. Fits 2010 & up full size Chevy Trucks, Avalanche, Suburban, Tahoe & Toyota Tacoma.

KVAN

All stainless left side sloped mount with lug stud for vehicles with sloped fender/hoods.

KMM34

3-way Aluminum 3/4" Base Load mirror mount with recessed bottom.

KT2-L

All stainless left side fender mount with lug stud. Fits 2007 & up Tundra, Sequoia, 4 Runner & 2011 Rav 4.

KRG58AU-B

500' Spool RG58AU 95% shielded coax on durable plastic spool with 1-1/4" center mounting hole.

KRG8X-B

500' Spool black RG8X coax cable on durable plastic spool with 1-1/4" center mounting hole.

CB ACCESSORIES & MICS

PDC2

100 Watt 3 function meter tests for SWR, RF Power & Field Strength. Designed to Test any 50 Ohm CB Antenna or coax. Includes mounting bracket & hardware.

PDC1

Compact 100 Watt SWR & Power meter. Designed to Test any 50 Ohm CB Antenna or coax.

VS2

10 Watt, 8 Ohm external speaker with bracket, 10' cable, 3.5 mm plug. Dimensions: 4-1/4" x 4-1/2" x 2-1/2"

VS4

5 Watt, 8 Ohm external speaker with bracket, 10' cable, 3.5 mm plug. Dimensions: 2-3/8" x 3" x 2-1/8"

VS6

Noise Cancelling 10 Watt, 8 Ohm external speaker with bracket, 10' cable, 3.5 mm plug. Dimensions: 4-1/4" x 4-3/4" x 2-1/2"

VS7

Noise Cancelling 10 Watt, 8 Ohm external speaker with PA & Talk-Back bracket, 10' cable, 3.5 mm plug. Dimensions: 4-1/4" x 5-1/4" x 2-1/2"

D104M6B-DX1

4 pin Black, Amplified ceramic power microphone, in clamshell, requires 9V battery.

RD104E-4B

Red, 4 pin Electret, amplified noise cancelling microphone in clamshell, requires 9V battery.

AST878DM

4 pin amplified desk microphone with ceramic cartridge, PTT/Lock & volume adjustment. Requires 9V battery.

DYNAMIC, LOW IMPEDANCE NOISE CANCELLING MICS

636L-4B

Black case with coiled cord -wired 4 Pin, in clamshell package.

636L-DX1X

Black case with coiled cord -wired 4 Pin, bulk.

636L-CF

4 pin heavy duty noise canceling CB microphone is designed with a durable Carbon fiber housing a 7-1/2" heavy duty coiled cord with strain relief, double plated chrome grille with a soft vinyl lip guard a low impedance dynamic element provides clear transmissions.

636LSE

4 pin black case with silver screen & metal straight cord, in clamshell.

636L-C

4 pin with chrome case, & metal straight cord in clamshell.

636L-RB1

4 pin black case with rubberized head, black polyurethane coated screen for added durability, 7-1/2' coiled cord with metal strain relief.

636L-FLAG

4 pin Stars & Stripe, with metal straight cord, in clamshell.

FC50

6 Digit blue LED frequency counter measures RF signal or TX channel to antenna, level from .1 - 1V Max, range from .5 MHz to 50 MHz, has SO239 input/output connectors. DC operation.

FC50P

6 Digit blue LED frequency counter measures RF signal or TX channel to antenna, level from .1 - 1V Max, range from .5 MHz to 50 MHz, has SO239 input/output connectors. AC/DC operation with supplied power adapter.

SW4

1,000 Watts, 4 position antenna switch features low insertion loss, automatic SWR compensation, vertical, horizontal, auxiliary, horizontal & vertical positions.

PM1000

1,000 Watt SWR/MOD meter features a large 4-1/2" vuc meter with three wattage settings, 0 - 30, 0 - 300 and 0 - 1,000.

TR1000

1,000 Watts remote "In Line" SWR Bridge & Modulation Meter with Large 4 1/2" Back lit Meter & Two Watt Ranges: 0 - 30 and 0 - 1000 Watts. Includes mounting bracket.

TR2000

2,000 watt in-line SWR Bridge & Modulation Meter with mobile mounting bracket. Features a large 4-1/2" back lit meter and provides three wattage settings, 0 - 20, 0 - 200 and 0 - 2,000.

TC3001P

1,000 watts Inline watt meter with three 2-1/2" lighted meters. Features simultaneous readouts on all 3 meters, measures SWR/AM modulation & Peak Watts. Comes with AC power adapter.

TC4001

4,000 watt in-line test meter measures RMS and Peak Power, Antenna SWR, Modulation Percentage & SSB Modulation. Features a large 4-1/2" meter for easy viewing and provides four wattage settings, 0 - 20, 0 - 200, 0 - 2000 and 0 - 4000.

TC4001P

4,000 watts in-line watt meter reads RMS & Peak power, measures Modulation Percentage/Antenna SWR & SSB Modulation. Features built-in phone jack for key up or transmit only, headphones, AC/DC power adapter, large 4-1/2" front lit meter.

TC4002

4,000 watt in-line test meter offers a large 4-1/2" meter for easy viewing and provides four wattage settings, 0 - 20, 0 - 200, 0 - 2000 and 0 - 4000. Measures RMS and Peak Power, Antenna SWR, Modulation Percentage, SSB Modulation and has a built-in four position antenna selector switch.

CB ACCESSORIES

402640

BNC male to F female adaptor.

UHFC

Chrome rain cap for SO239 mounts

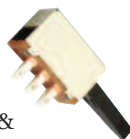

TNC40

TNC male to SO239 adaptor.

DMS

Replacement mic switch for SS56, DM1000, DM452 & DM452-5

SS56-B

4 pin noise cancelling microphone. Features black case, top key & mesh screen. Wired standard Cobra/Uniden.

DM1000

Superstar 4 pin power echo microphone with dual controls & extra long cord. Wired standard Cobra/Uniden.

P12VX

Cigarette plug, with LED indicator and a 16 gauge red/black pigtail.

BNC108X

RG8X BNC crimp on connector.

A28

Lightning arrestor, static reducer.

LPAD

Heavy duty 3.5" triple magnet mount with aluminum plate, 3/8"-24 thread SO239 stud.

DAM1

Dual antenna mirror mount with SO239 studs.

KA52SS

Heavy duty 3-3/8" tall Stainless Steel barrel spring.

HDQDS

3/8"x24" thread Heavy duty antenna quick disconnect.

DC6

1 Pair of 6 gauge quick disconnects, red.

EX4

4 pin mic extension, extends approximately 25".

EX5

5 pin mic extension, extends approximately 25".

QRSC3

Jaw Mount.

PM5NMO

5" magnetic mount with a NMO fitting, 17' RG58U coax and PL259 connector.

CBNF3AXX

20 Amp CB/Stereo noise filter with 3 pin radio plug.

DC4

1 Pair of 4 gauge quick disconnects, gray.

KW4000

Heavy duty 4 pin DC cord with fuse.

STHS3

Universal fender groove mount with swivel.

NF20

10 Amp CB Radio/Stereo noise filter without plug.

B2030

Heavy duty radio bracket with multiple mounting options and angle adjustments.

HUM1

Metal hump mount with adjustments.

715

5" 8 Ohm amplified speaker with 6' cord, 3.5mm plug.

CAC1

Freightliner Cascadia Mount supports CB antennas up to 6' tall.

CB MOUNTS & ACCESSORIES

TERAFLEX

4838210

JK Jeep heavy duty aluminum hinged tire carrier bracket, bolts on to enable mounting of CB antennas or flags.

4997190

Rear tire antenna mount for JK, Rubicon, Unlimited & Wrangler.

1912091

Rear tail light 2 hole antenna/flag mount for Jeep Wrangler, left side.

1912092

Rear tail light 2 hole antenna/flag mount for Jeep Wrangler, right side.

4997192

Heavy duty bolt on antenna/flag mount for JL Wrangler (2 & 4 Door Models). Easily attaches to tailgate, no drilling required.

8900APCBA

Bolt-On black powder coated CB antenna mount is designed for 2007 - 2014 FJ Cruisers. Requires no drill holes, attaches to back tire door hinge. Stud and antenna sold separately.

**GRAB BAR
JEEP
MOUNT!**

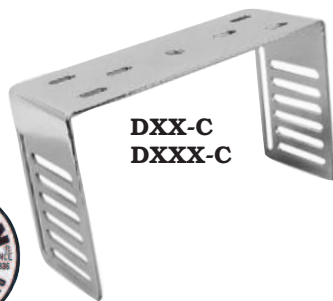

JK75GBMOUNT

2011 - 2016 Jeep Wrangler JK grab bar interior mounting bracket for Cobra C75WXST & Uniden CMX760, holds CB unit or any microphone securely, easy to install.

JPCBSJI

Mopar ® official licensed product 2-3/4" 8 Ohm 6 watt wedge design extension speaker with mounting bracket, 6' cord with 3.5mm mini plug.

TITAN™

11436

Digital circuit tester for 6, 12 & 24 volt systems features green LED (-) and red (+) indicators, LCD readout.

23175

Electronic Digital Caliper with 6" (150mm) span.

12070

3/8" drive telescoping (8-12") . Features 4 increments, quick release, 72 tooth ratchet mechanism.

12015

3/8" drive 15" 3-way ratcheting breaker bar. Constructed of heavy duty Vanadium steel & chrome plating, swivels 180°. Max torque 148 ft/lbs.

32950

6 inch adjustable wrench.

16148

148 piece master security bit set. Includes most popular & hard to find bits, Philips, slotted, square drive, Star(r), Pozidrive, inch & metric Hex, tamper resistant Star(r), tamper resistant Hex, clutch drive, spline drive, spanner, three wing & 4 wing drives. 3-1/2" magnetic bit holder, quick release bit holder, 1/4" drive socket adaptor, storage case.

16251

50 piece Torision Impact Bit Set with case. Socket Drivers: 1/4", 3/8" & 5/16"

15029

2.2x Magnifying Glass with LED Light.

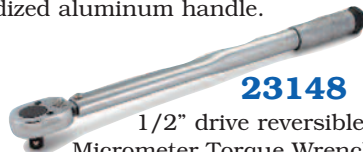

11476

5-1/2" 3 piece cutter, crimper & stripper electrical tool set.

12175

5 piece multi-drive 3/8" ratchet set features 4-Degree sweep, Reversible, Anodized aluminum handle.

23148

1/2" drive reversible Micrometer Torque Wrench with reversible ratchet & locking handle.

82026

7 piece SAE stubby wrench set includes 3/8", 5/8", 7/16", 11/16", 1/2", 3/4" and 9/16".

82027

7 piece Metric stubby wrench set includes 10mm, 11mm 12mm, 13mm, 14mm, 15mm and 18mm.

11491

Tubing Cutter 1/8" -1-3/8" diameter tubing.

82056

11 piece SAE combo wrench set includes 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4", 13/16" and 7/8". Set comes in a re-useable storage rack.

82057

11 piece metric set includes 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18 mm wrenchs. Set comes in a re-useable storage rack.

45253

80 piece Silicone rubber vacuum cap assortment with case.

45252

80 piece vacuum cap assortment with case.

23154

3 piece 1/2" impact extension set.

23154

1/2" drive digital torque adapter converts any ratchet into a torque measuring tool.

11212

Micro 4-1/8" ratchet & 10 piece bit set.

16275

42 piece impact driver & bit set with case.

11162

4 finger claw tool enables retrieving dropped parts, fasteners and tools with ease. Claws open 1" wide, 24" flexible snake type body.

11566

6 piece nylon slim line removal kit for vehicle door panels.

PYLE

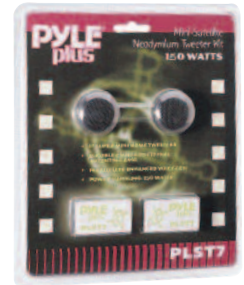

PLWT3

1" - 120 Watt Mylar dome tri-mount tweeter. Features high density neodymium magnet, tri-mounting system (Pivot/Angle/Surface), Ferro fluid cooling, integrated crossover system.

PLWT4

1.5" - 200 Watt surface mount Piezo tweeter. Features high frequency Piezo driver & surface mounting system. Frequency response: 3Khz-30Khz Spl: 87db@1w/1m.

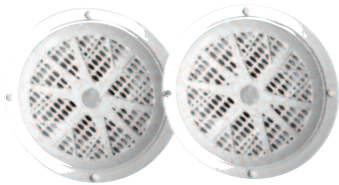

PLST6

1/2" - 150 Watt Mylar dome tri-mount tweeter kit.

PLST7

1" - 150 Watt Neodymium mini satellite tweeter kit.

WATERPROOF SPEAKERS

PLMR61-W

6.5" pair, 120 Watts white marine speakers are completely waterproof. The dual cone full range speakers are constructed of Polypropylene with cloth surround, built-in molded grill, molded ABS plastic basket with 1" Aluminum voice coil and 20oz circuit magnet. Ideal for Marine applications, ATV's or outdoor use. Frequency Response: 45Hz - 16k Hz, 4 Ohms Impedance, Slim Mounting Depth: 2.5"

PDWR30-B

PDWR30-W

300 watt speaker pair is completely waterproof and is constructed of heavy duty ASB. Designed for poolside, patio or marine mounting. Features 3-1/2" aluminum injection cone woofer, 40 oz magnet structure, 1" high compliance Mylar tweeter, capacitor crossover network, bass reflex vent for added bass response and removable rustproof mesh grills. Comes with quick connect/disconnect speaker terminals with wire and spring loaded mounting brackets with side knobs. Outer dimensions: 4.75"(W)x 7.25"(H) x 4.75"(D). In Black or White

PLMRB65

6.5" 200 watt two-way black wake board speakers.

Features water resistant construction, Mica woofer cone, 25oz magnet structure, 1" polymer dome tweeter, frequency response 70Hz-20KHz, 4 Ohm impedance, 1.75 mounting brackets. Dimensions 8.5" D x 10" L

PDWR40-B / PDWR40-W

400 watt speaker pair is completely waterproof and is constructed of heavy duty ASB. Designed for poolside, patio or marine mounting. Features 5-1/4" aluminum injection cone woofer, 40 oz magnet structure, 1" high compliance Mylar tweeter, capacitor crossover network, bass reflex vent for added bass response and removable rustproof mesh grills. Outer dimensions: 6.25"(W)x 9.25"(H) x 5.75"(D) In Black or White

InstallBay™

INSTALLATION HARDWARE

ANLFH-10

Nickle plated ANL fuse holder with smoke cover, 10 pack.

ATMDT

ATM mini dual a fuse, 10 pack.

ATFH18C-10

18 gauge ATC fuse holder with weather-proof cover. 10 pack.

IBR61

This under dash bracket allows mounting of the IBR57 & IBR58 under dash, cabinet, etc.

IBR57

This dual waterproof 12 volt USB 5V, 2.1amp (slot provides fast charge) and 1.0 amp jack can be mounted inside or outside of vehicle. Great for marine and off road applications.

IBR58

This waterproof cigarette lighter socket jack can be mounted inside or outside. Provides single cigarette socket to plug in 12V electronics. Great for RV's, marine or off road applications.

POWER ACOUSTIK®

PCD51B

1Din CD/MP3 (4 Channel) 300 Watt Bluetooth digital AM/FM receiver with detachable face, SD & USB playback. Features playback from 32GB USB of MP3 & WMA. Playback from CD, CDR, CDRW of MP3 & WMA. Auxillary audio input for listening to personal media devices, front & rear pre-amp output, custom & preset equalizer settings, 12/24 hour digital clock. Comes with faceplate carry case.

PCD52B

2 Din 30 watt 4 channel CD & MP3 AM/FM receiver with SD/USB playback & V2.0 Bluetooth hands free calling from enabled phone. Features A2DP MP3 audio playback from enabled device, playback from 32GB USB of MP3 & WMA, playback from CD, CDR, CDRW of MP3 & WMA, auxillary audio input for personal media devices, front & rear Pre-amp output, subwoofer Pre-amp output, 300 Watts X 4 channel mosfet speaker outputs, custom & preset Equalizer settings, audio staging controls, 12/24 hour digital clock & remote.

VM21B

Compact design 300 watt (4x ch) ISO 2 Din digital media receiver with SD/USB playback, AM/FM receiver & Bluetooth V2.0. Features detachable faceplate with carry pouch, Bluetooth enable hands free calling from enabled devices, 64GB A2DP wireless MP3 audio playback from enabled devices, 3.5mm Aux audio input, front, rear Pre-Amp RCA outputs, 300 watt 4 channel MOSFET speaker outputs, custom & preset equalizer settings, Multi-region FM frequency stepping. Comes with radio mounting sleeve & remote control. *Note: No CD player.

EF42

4" 2-way 250 watt (100 watt RMS power), 4 Ohm coaxial speaker pair with carbon fiber injected polypropylene cone, 1" voice coil & 1.2" dome tweeter. Features treated woven cloth surround, 90dB system efficiency, 100-250KHz frequency response, balanced dome mid-range for dynamic sound & performance. Custom grills. Mounting Depth: 1.75"

EF52

5-1/4" 2-way 300 watt (120 watt RMS power), 4 Ohm coaxial speaker pair with carbon fiber injected polypropylene cone, 1" voice coil on aluminum former, 1.2" balanced dome tweeter. Features treated woven cloth surround, 90 dB system efficiency, 80-20 KHz frequency response, balanced dome mid-range for dynamic sound & performance. Custom grills. Mounting Depth: 2.0"

EF60C

6-1/2" 500 watt 4 Ohm component system with carbon fiber injected molded polypropylene cone, 1" voice coil on aluminum former, 1" flush mount dome tweeters & passive crossovers. Features treated woven cloth surround, 93dB sensitivity, 70-20 KHz frequency response. Custom grills. Mounting Depth: 2.50"

EF694

6"x9" 4-way 800 watt (300 watt RMS power), 4 Ohm coaxial speaker pair with carbon fiber injected polypropylene cone, 2" balanced dome mid-range, 1.25" balanced dome tweeter, 1" voice coil on aluminum former. Features treated woven cloth surround, 93 dB system efficiency, 40-20 KHz frequency response, increased efficiency diaphragm, over compensating motor structure improves low octave bass response, multi-driver midrange & tweeter for dynamic sound & performance. Custom grills. Mounting Depth: 3.25"

EF573

5"x7" 3-way 500 watt (200 watt RMS power), 4 Ohm coaxial speaker pair with carbon fiber injected polypropylene cone, 1" voice coil on aluminum former, 1.25" balanced dome mid-range, 3/4" soft dome super tweeter. Features treated woven cloth surround, 92 dB system efficiency, 65-20 KHz frequency response, increased efficiency diaphragm, over compensating motor structure improves low octave bass response, multi-driver midrange & tweeter for dynamic sound & performance. Custom grills, Mounting Depth: 2.1"

EF653

6-1/2" 3-way 400 watt (150 watt RMS power), 4 Ohm coaxial speaker pair with carbon fiber injected polypropylene cone, 1" voice coil on aluminum former, 1.2" balanced dome mid-range, 3/4" super soft dome tweeter. Features treated woven cloth surround, 92dB system efficiency, 65-20KHz frequency response, increased efficiency diaphragm, over compensating motor structure improved low octave bass response, multi-driver mid-range & tweeter for dynamic sound & performance. Custom grills. Mounting Depth: 2.1"

LED LIGHTBARS & MIC RETRACTORS

RS6L18WPR

2.5", compact low profile 6-LED 18 watt spots are ideal for mounting to the bottom bumper, a bull bar, or other applications to use as fog lights, auxiliary lighting, reverse lights, or work lights. Kit Contains: 2) 6-LED 18W bottom mount spots, brackets & hardware.

RSLED20BEDW

20" white 12 Volt LED strip.

RS7RH4LEDW

Simple sealed conversion lens with a Halo ring is a direct replacement for 7" H4 lenses. Great for an upgrade to a classic car! (#4 bulb not included).

RSLED300W

Street series 50" 300 watt 20,000 lumens LED CREE combo light bar with spot optics provides superior night vision.

RS72

12.5" 72 Watt 9-16 Volt ECO-Light bar with 3D reflector optics & CREE LED provides un-matched light output at an economical price point.

LED lighting systems incorporate advanced thermal management that provide short circuit and open circuit protection. Features intense spotlights in the center and wide beam driving lights on each side of the Light Bar for superb road illumination. Heavy duty rubber foot mounts help reduce vibration, integrated Epoxy encapsulated electronics provide unsurpassed durability, black Die-cast Aluminum Housing & mounting bracket built to last under harshest conditions, PC lens material for added strength and durability, stainless mounting hardware included.

CURVED LIGHT BARS

HESRC22 - 22 inch - single row, 10 LED curved.

HESRC30 - 30 inch - single row, 14 LED curved.

HESRC42 - 42 inch - single row, 20 LED curved.

STRAIGHT LIGHT BARS

HEDR22 - 22 inch - dual row, 40 LED straight.

HEDR50 - 50 inch - dual row, 96 LED straight.

HEDL5

9 inch round 75 watt (25-3W OSRAM LEDs) LED driving light provides 6,000 raw lumens for superior visibility.

Round LED driving light provides a 26° beam pattern. Constructed of intergrated Epoxy encapsulated electronics with PC lens material for strength & durability. Features reverse polarity protection, black Die-cast aluminum housing, adjustable black powder coated steel mounting bracket & stainless steel mounting hardware.

Policy: We strive to provide the fastest service possible with competitive wholesale pricing. Business hours are 9:00am to 6:00pm Monday-Friday Pacific time. **Licensed Dealer Sales Only.**

Terms & Shipping: Orders placed by 3:00pm normally ship the same day. We ship UPS/Fed-Ex ground unless you specify otherwise. New dealer accounts will be shipped C.O.D. cash or credit card until a credit account is approved. Prices listed in this flyer do not include freight. A \$4.00 service charge is assessed on orders under \$50.00 and on all Drop Ship orders. **Ground freight** is pre-paid (via most economical carrier) on shippable orders of \$1,500.00+ to a single destination within the continental United States. **Pre-paid freight excludes COD fees, insurance & additional handling (products longer than 48 inches and other large parcels).** Heavy items such as Woofers, Coax spools, Solar panels, etc. and items requiring special handling or special priced product(s) do not qualify for pre-paid freight. Freight is Pre-paid to ship Backordered products totaling \$1,500.00+ within the continental United States.

Returns: **Returns require prior authorization.** Dealers are responsible for freight on returned items-one way. At our discretion we will credit, exchange or repair defective products and return freight pre-paid. Refunds will not be issued. Non-Defective returned goods, if approved and accepted are subject to a 15%+ re-stocking fee.

Info: More information is posted on the web at cbistributing.com. Some items are limited to stock on hand. Not responsible for typographical errors or misprints. Selling prices are subject to change without notice.

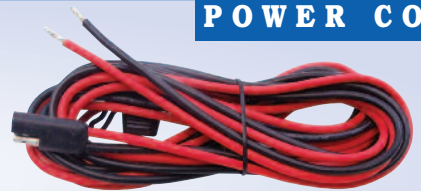

MAGNUM

MAGNUMS12

Professional quality 4" heavy duty 12 Watt, 8 Ohm extension speaker with black mesh screen, 10' AWG18 gauge cord & 3.5mm mono mini plug. Frequency response 500 Hz - 5kHz.

trykerradios

NITRO KNOBS

Star-Bryte lighted radio knobs provide triple illumination for identifying controls easily

- SRNK1 -** Lighted channel radio knob kit for "D" shaft controls
- SRNK2 -** Lighted volume or squelch radio knob kit for "D" shaft controls
- SRNK3 -** Lighted band or rotary radio knob kit for knurled (18 teeth) shaft controls

Available in Amber, Blue, Green, Purple & Red

Rocky Mountain RADAR

ODIN

The ODIN incorporates new technology to detect and scramble Police Laser and Radar and issue warnings up to five miles. Bluetooth App is fully re-programmable and enables user reported real-time threats and does not interfere with Apps, Podcasts, music or hands free phone operation. The EWD (Early Warning Discriminator) and TSR (Traffic Sensor Rejection) prevents false signal alarms emitted by safety sensors on newer vehicles. Features OLED display, USB port, free Bluetooth App, Red light Camera warning, Photo Speed trap warning, 360 degree Radar/Laser protection, Undetectable to Police detection systems, Radar/Laser Scrambling, Hwy/City mode, Mute, Dim and a 1 year ticket rebate program. 3 year warranty.

samlexamerica

MSK135

Portable Solar charging kit is easy to use. Simply unfold, plug in and start charging. Kit includes 3x34W solar modules for charging 12V lead acid batteries, 10 amp charging controller, 2-pin bullet adapter for use in solar ready RV's and a convenient insulated carrying case that also protects the panels when stored. Battery not included.

SRV10030A

100 watt Solar charging kit features a low profile high efficiency crystalline Solar panel that is constructed of all weather anodized aluminum and tempered glass. Includes a 30 amp charge controller, flat surface aluminum mounting brackets, wiring & installation hardware.

SRV15030A

150 watt Solar charging kit features a low profile high efficiency crystalline Solar panel that is constructed of all weather anodized aluminum and tempered glass. Includes a 30 amp charge controller, flat surface aluminum mounting brackets, wiring & installation hardware.
